

Halloween

Hailey Guarriello

Last night I went trick
or treating. I got 58
pieces of candy. I
counted them.

I did go to a scary
house. It snorted
like a pig.

Before I started trick or treating, my neighbors came to our house. Then we went trick or treating, but we couldn't find them.

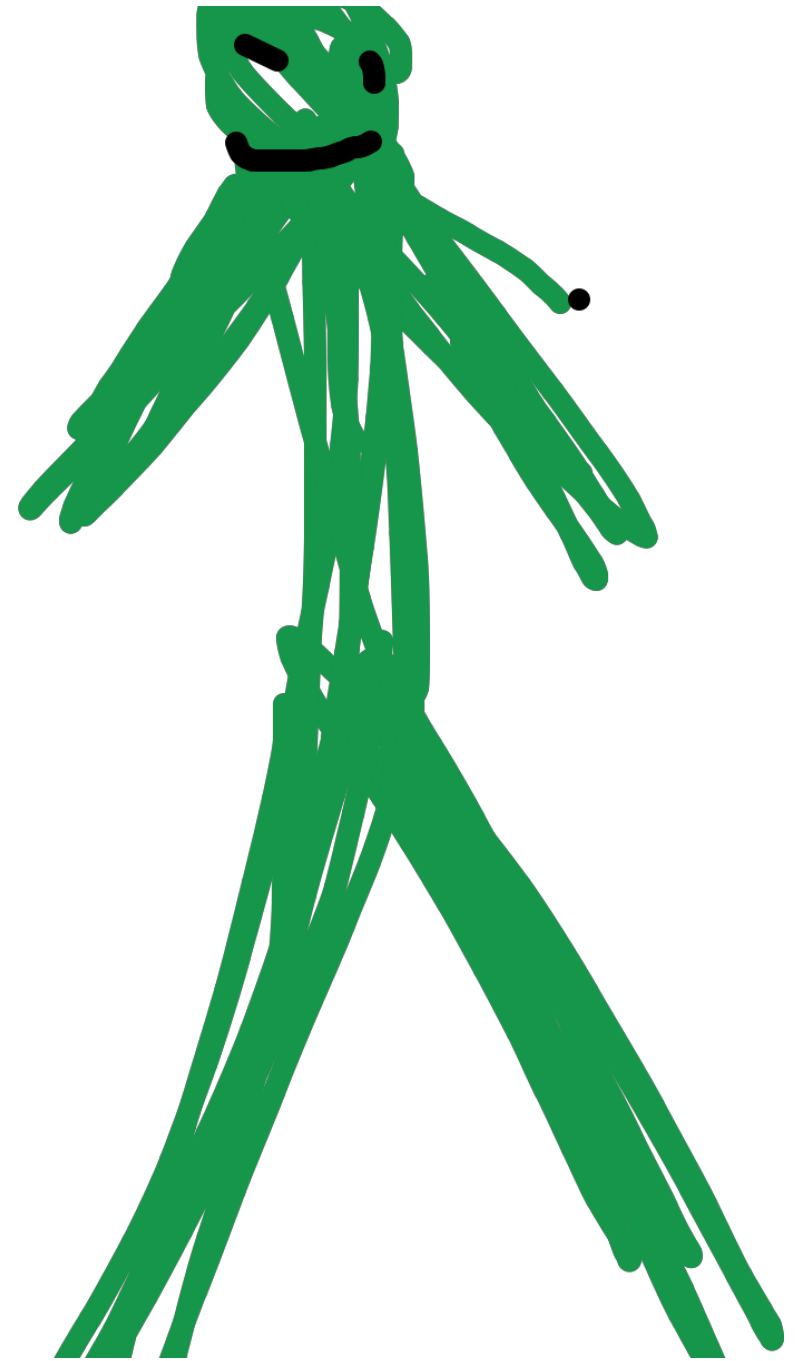

We did do our street
but it is not long. We
were the only trick
or treaters at one
house.

The next morning
my mom asked me
if I wanted to put a
piece of candy in my
lunchbox but it was
after dinner.

Then the same morning my dad asked me if I wanted to give lots of pieces of candy to the soldiers. I said I wanted to give lots of candy to the soldiers.

When I got to my house, my mom let me eat a piece of candy. I picked a chocolate bar and my brother wanted the same piece of candy and didn't have it so I gave him a piece.

.

It was the same
night when we
had the piece of
candy of trick or
treating.

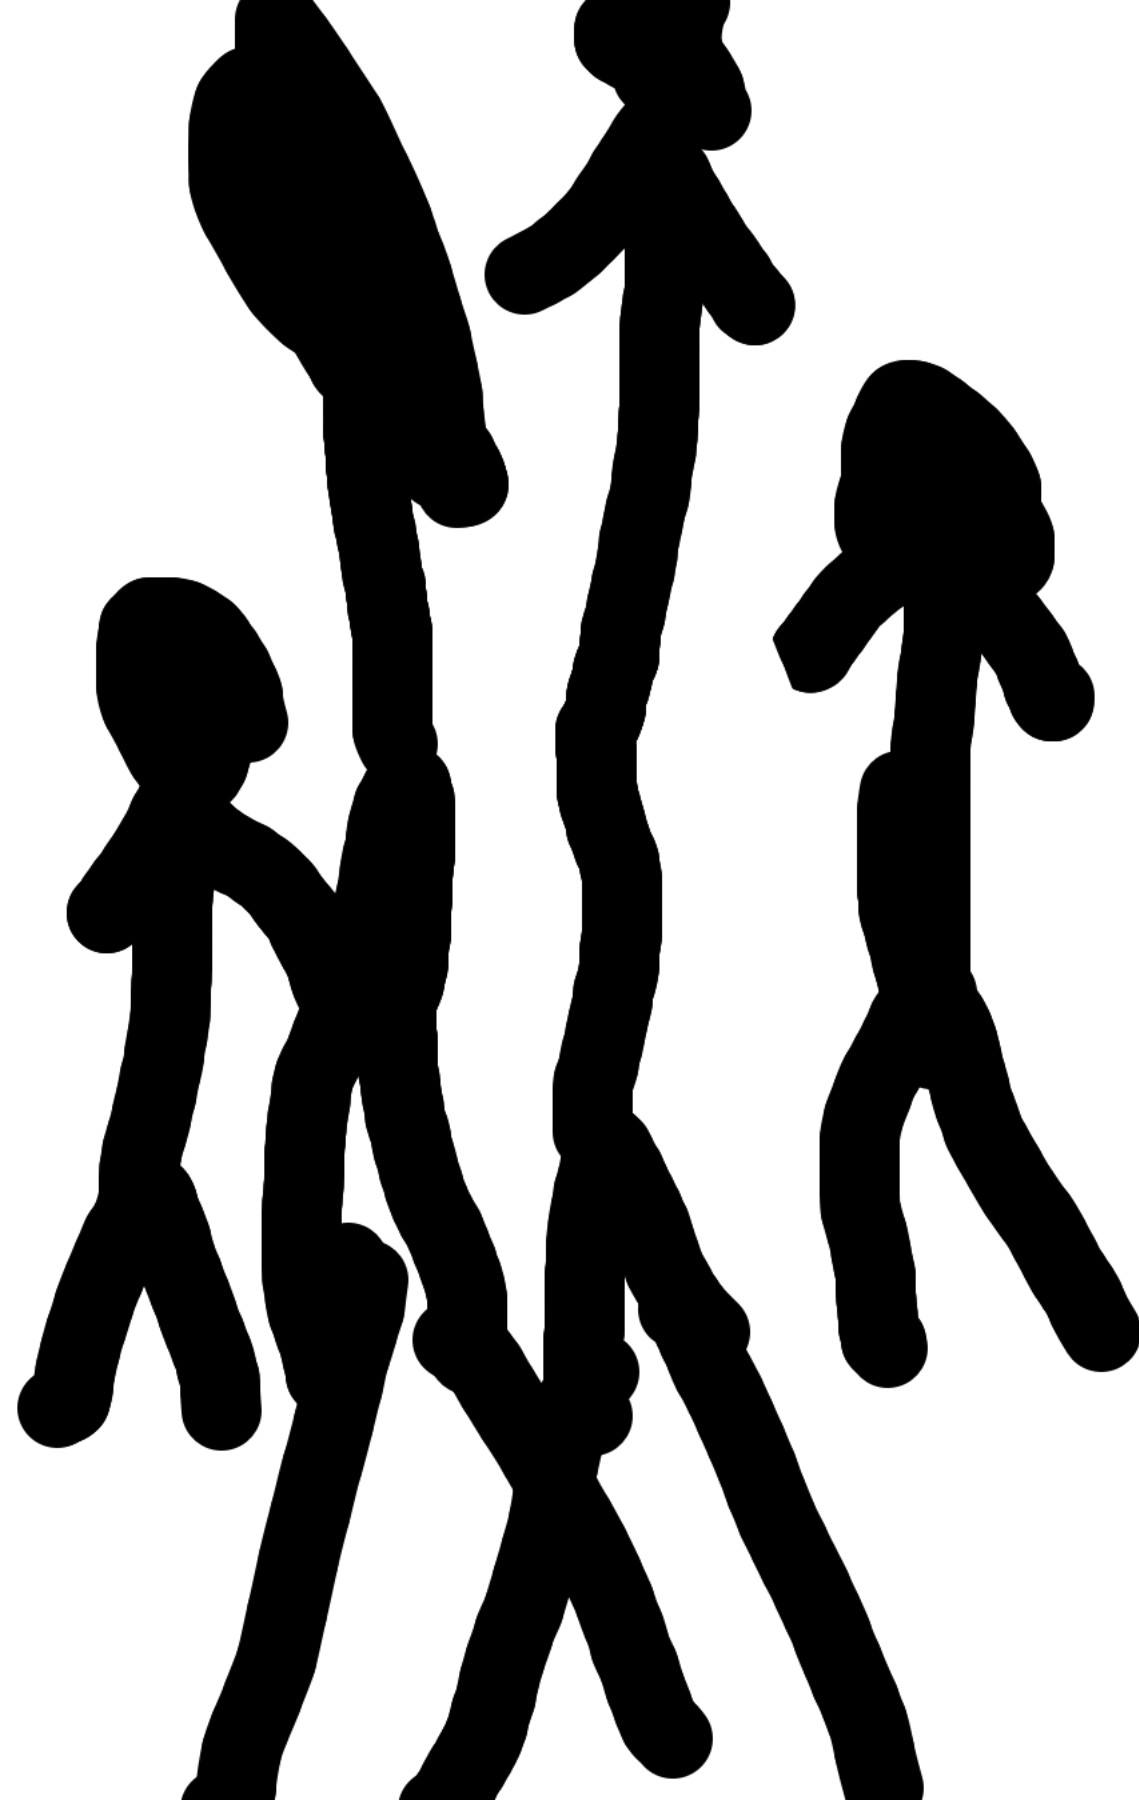

I went to town
on Hubbard
Street. I was a
Lego person.

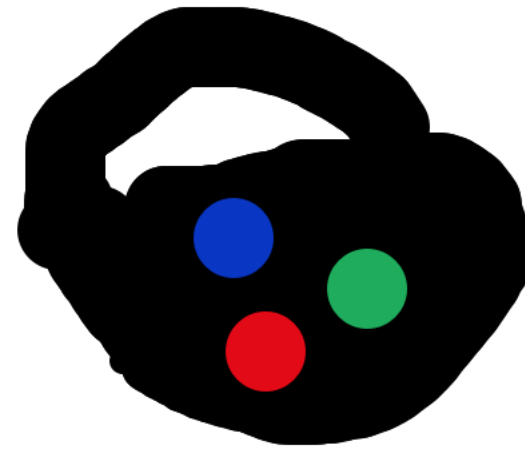

I went to my old teacher's house and she was NOT home. When I got my piece of candy when she got home, it made her day.

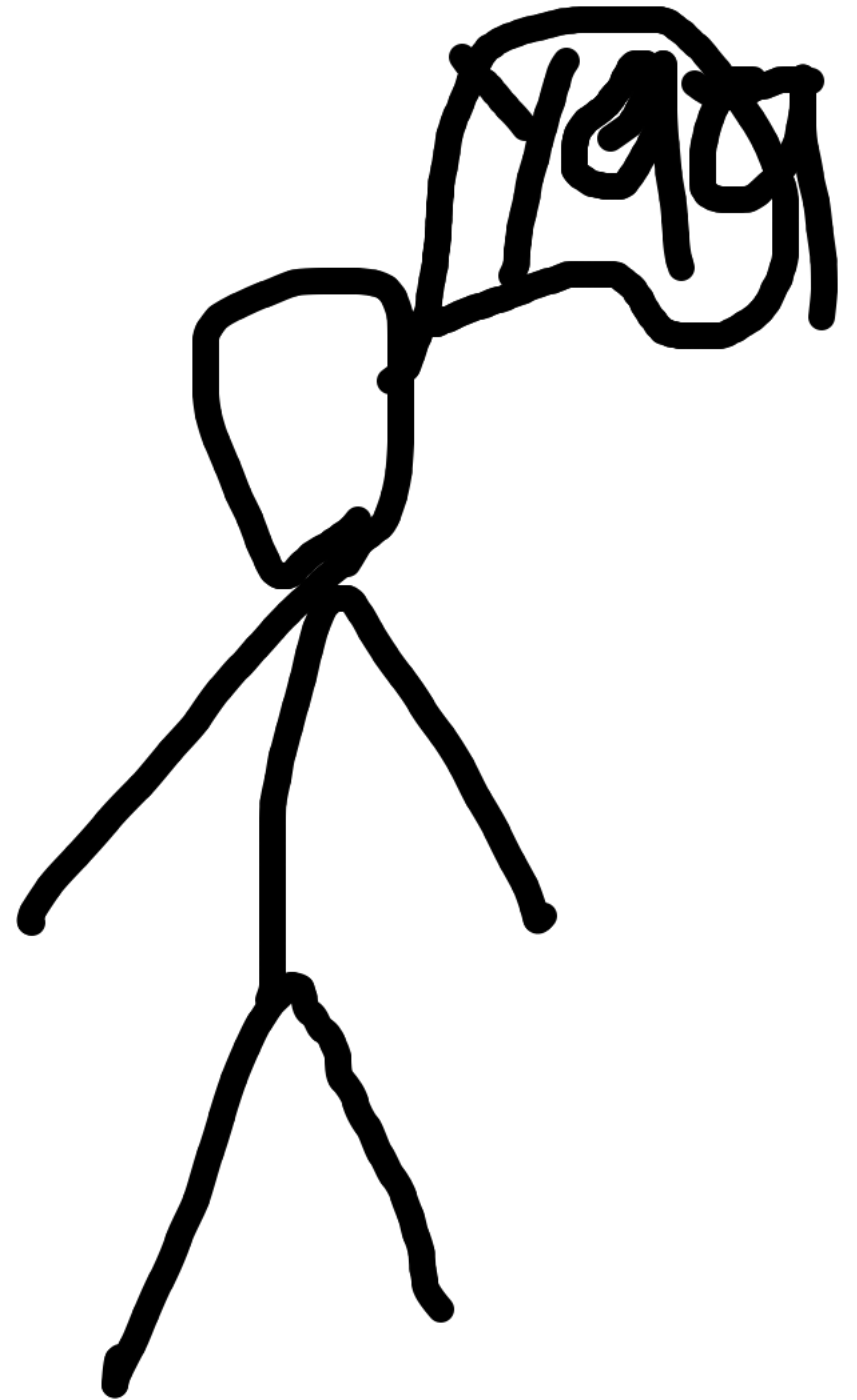

I went with my
brother and his
name is Garrett. I
went with my
Mom and Dad,
too.

I couldn't see the
candy in the
dark. When I got
home, I saw what
candy I got.

It was so much
fun and we went
to so many
houses.
